# Employer Term of Agreement

Thank you for making this offer of employment available. You have made it possible for foreign students to benefit from a career related experience in Nepal. The information contained on this form will be transcribed onto a standard IAESTE Nepal form. Neither your company's address, nor the name of the student official responsible, will be given to a foreign student during the process until after we confirm the candidate for the training at your organization.

Every effort will be made to select a candidate for training according to the requirements you have indicated on the offer form. For this reason, it is advised to include as much detail as possible both on the type of placement offered and the qualifications of the trainee required. Please attach, if applicable, a copy of a company brochure with your offer form as this will further ensure that an informed and motivated student is put forward as your trainee.

One student will be nominated for this placement and, unless you have requested otherwise, details of an IAESTE selected candidate should reach you soon after your request. Once you receive the details of the selected trainee, IAESTE Nepal will issue the paper necessary for them for visa and travel to Nepal.

Please do not consider this as a source of one of many applications to be screened for training placements within your company, but as an IAESTE offer to be undertaken by an IAESTE trainee.

This offer is considered as the serious commitment of the employer to hold a place open for IAESTE Interns at least until the specified nomination deadline

I have read the terms and conditions here with this form and hereby request IAESTE Nepal to proceed for the intern matching the requirements.
